should use

Brown's

Iron Bitters.

It builds up the system, gives new life and vigor, aids digestion, cures Dyspepsia, Indigestion, Biliousness, Malaria, Chills and Fevers, Kidney and Liver Complaints, Nervousness, Headache, Neuralgia, Rheumatism, Lack of Energy, Loss of Appetite, etc.

It is the only preparation of Iron that will not blacken or injure the teeth, cause headache or produce constipation—all other Iron medicines do.

It enriches the blood, is a certain remedy for Diseases peculiar to females, and is invaluable to those who lead sedentary lives.

It is the best Tonic for those recovering from fevers or other prostrating diseases.

It is not a new discovery, but has been thoroughly tested for many years, and has proved its great value.

It is manufactured by the Brown Chemical Co., Baltimore, Md.

Genuine has trade-mark and crossed red lines on wrapper. Take no other.

FINEST LOT

—OF—

THE

GENERAL.

Assistant Adjutant General Edwin C. Mellon submitted his report of the workings of the department, the material portion of which is as follows:

January 1st, 1888, there were in good standing in the department 113 posts. Four posts were organized during the year. These were George Campbell Post, No. 164, Lemoine; Si W. Sproston Post, No. 165, Whitneyville; W. L. Porter Post, No. 166, Dedham, Harvey Giles Post, No. 167, Boothbay.

During the year Post 31, Hampden, surrendered its charter and disbanded.

Number of posts in good standing Jan. 1, 1889, 116.

Total, 115 5,004

The net gain and losses by counties are as follows:

Aroostook, gain,	23	Piscataquis, loss	2
Cumberland, "	2	Sagadahoc, "	1
Franklin, "	1	Somerset, "	1
Lincoln, "	17	Waldo, "	1
Hancock, "	1	Washington, "	1
Kennebec, "	5	York, "	1
Knox, "	1	Oxford, "	1

Sagadahoc has the same number as one year ago.

Seven hundred posts expended for relief $5,891.87, an increase of $1,200.34 over last year. The other 31 posts do not report any relief furnished. Three hundred and forty-seven comrades, or their families, were assisted. Two hundred and five persons not members assisted. Fifteen posts report relief furnished, but do not state to whom given.

The amount of contributions to the Johnstown flood sufferers was $371.80. Twenty-eight posts contributed, $339.80. One relief corps and four comrades $10, making a total of $371.80, which amount was promptly forwarded.

The Assistant Adjutant General says: The correspondence of the office does not decrease in the least. The boys that received from all parts of the country for information as to the residence of old comrades in the army, and the names of comrades who served in every company of each regiment, also, there is many calls for the muster rolls of companies and regiments, and for the names and residence of each person who enlisted and was mustered in each company and regiment.

A great many of the letters having proved of considerable value to their recipients, I have endeavored to make the office useful to the soldiers, which has fully answered the purpose for which it was established. I have also received many letters from the Adjutant General's office in Washington, D. C., requesting information relative to the records of the Adjutant General's office, which I have been able to furnish, and which has been of great benefit to the soldiers.

The Soldiers' Home, Togus, Me., the Auxiliary Adjutant General says there has been no change in number, 1,000 being the number allowed by law. The number present on the 1st day of January, 1889, was 1,000. The number present on the 1st day of January, 1888, was 1,000. The number present on the 1st day of January, 1887, was 1,000. The number present on the 1st day of January,
